

## ACTION TAKEN REPORT BY THE IQAC

### SESSION 2022-23

In response to the valuable feedback for the academic year 2022-23 provided by our stakeholders, including students, teachers, and alumni, the Internal Quality Assurance Cell (IQAC) of the Maharaja Bijli Pasi Government P.G. College has undertaken a comprehensive assessment to address concerns and enhance the quality of our educational offerings. While the majority of the stakeholders have expressed overall satisfaction with various aspects of the college, we are equally committed to addressing the concerns raised by the stakeholders.

#### Student Feedback:

1. **Ethical Standards in Teaching:** We reaffirm our commitment to ethical standards in teaching, and a robust grievance redressal mechanism, through the Grievance Redressal Committee, is in place to address any ethical concerns raised by students.
2. **Internships and Field Visits:** Students take part in a variety of internships and field visits, and we seek feedback from those students who may have faced challenges. We aim to provide additional support to students during their practical experiences.
3. **Content Coverage:** While most students expressed satisfaction with the coverage of course content, we recognize that there may be variations in individual experiences. To address this, the faculty adopted more transparent and participatory approaches to course planning through Academic Calendars, ensuring that students clearly understand what to expect from each course.
4. **Workshops and Seminars:** We appreciate the positive response to workshops and seminars. To cater to the diverse interests of our students, we will diversify the topics and formats of these events, ensuring that they continue to be enriching experiences for all.

#### Teacher Feedback:

1. **Library Resources:** Responding to concerns about the availability of prescribed books, we are actively reviewing and enhancing our library resources to serve faculty and students better.
2. **Faculty Development:** We are exploring avenues to provide increased support for faculty skill upgrading and professional development.

#### Alumni Feedback:

1. **Library Resources:** Based on alumni and teacher feedback, we are committed to expanding library resources to support the academic community better.
2. **Student-Centric Initiatives:** The feedback on student-centric initiatives will inform our efforts to intensify our focus on this aspect of our educational approach.

The IQAC is dedicated to addressing the issues raised by the minority of students while striving for excellence across all dimensions of our institution. These actions underscore our commitment to creating an inclusive and responsive educational environment that benefits

every member of our college community, ensuring that our college continues to meet the evolving needs and aspirations of our stakeholders. We extend our gratitude to all for their invaluable feedback and active participation in our ongoing journey towards academic excellence.
