Under the CBCS system, Maharaja Bijli Pasi Government P.G. College offers a range of multidisciplinary and interdisciplinary courses across different departments and programs. These courses provide students with unique opportunities to explore complex issues and develop innovative approaches to problem-solving. These courses aim to provide students with a comprehensive and integrated understanding of various topics and issues and equip them with the skills and knowledge needed to tackle complex real-world problems.

Compulsory paper Rashtriya Gaurav combines knowledge and methodologies from multiple disciplines to address complex issues. The paper draws on knowledge from history, polity, geography, sociology, etc., to explore the complex interrelationships between the individual and the nation.

Interdisciplinary courses go a step further by creating new knowledge and methods that transcend traditional disciplinary boundaries. For example, the M.A. course in Sociology and English entails studying a paper titled *Prayojan Mulak Hindi* in the final year.

16. Academic bank of credits (ABC):

Maharaja Bijli Pasi Government P.G. College is affiliated to Lucknow University. The university has implemented an Academic Bank of Credits (ABC) system that allows students to accumulate credits for the courses they take during their undergraduate or postgraduate programs. The ABC system is based on the Choice Based Credit System (CBCS), which is a flexible system that allows students to choose their courses based on their interests and career goals.

Under the ABC system, students can earn and accumulate credits for the courses they complete, which can be transferred and used towards other programs or courses. For example, if a student completes a course in the first year of their undergraduate program and earns four credits for that course, those credits can be used towards their degree program or transferred to another program in the future.

The ABC system also allows students to take courses from different disciplines and earn credits for those courses. This encourages students to pursue a multidisciplinary approach to their education and broaden their knowledge and skills.

The Academic Bank of Credits system at Lucknow University is aimed at promoting academic flexibility and providing students with greater control over their education. It also provides a platform for lifelong learning and encourages students to continue their education beyond their degree programs.
