'Ek Bharat Shreshtha Bharat' is an extremely promising programme of the Government of India. which envisions the dream of our Prime Minister ,Sri Narendra Modi ji.It is indeed great for the College to be associated with this initiative which aims to transcend borders between different parts of the country. By way of this programme different states of the country are getting closer to each other both through the virtual and actual mode which infact is the underlying thread of the our country which is a land of diversities.

The College EBSB Club headed by Dr Sanobar Haider has been organizing various programmes like Webinars, studentmeets, cultural programmes etc throughout the year both online and offline. It has been quite an interesting journey for the students of the college who were exposed from time to time to the students of the paired up college of Teacher Education ,Shillong, Meghalaya.

The EBSB Club of Maharaja Bijli Pasi Government PG College, Lucknow hopes and looks forward to holding various other programmes in the near future for even a better understanding of the history,culture and various issues related to the state of Meghalaya.

I wish the EBSB TEAM the very best for all their future endeavours.

Dr. Mohammad Tariq

The Ek Bharat Shrestha Bharat programme, is a very ambitious programme of our Government to strengthen the bonds of amity between people of diverse cultures living in different parts of India.This effort of the Government definitely deserves an applause and we at Maharaja BijliPasi Government PG College,Lucknow are proud to be associated with this scheme.

The initiative 'Ek Bharat Shreshtha Bharat' was announced by Hon'ble Prime Minister on 31st October, 2015 on the occasion of the 140th birth anniversary of Sardar Vallabh bhai Patel. Through this innovative measure, the knowledge of the culture, traditions and practices of different states & UTs will lead to an enhanced understanding and bonding between the states, thereby strengthening the unity and integrity of India. This programme also aims to showcase the rich heritage of either states fostering a sense of common identity.

The efforts in this regard being made by our college hope to enthuse a new vigour into the act of promoting cultural unity with the paired up states .Our College has the opportunity to work in consonance with the College of Teacher Education, PGT ,Shillong and we have had

some excellent interactions with the staff and students of the college.

My best wishes to the teams for all their future endeavours.

Prof. Manju Dikshit

It is indeed a privilege and a matter of great pride to bring out the Newsletter for the the very promising programme EBSB with which our honourable Prime Minister Sri Narendra Modiji is very closely involved.Having been associated with this programme ever since its inception in our college, has been a great experience in itself.The efforts made by the team EBSB along with the students are definitely commendable.In keeping with the the aim of the programme of celebrating the unity in diversity of the country we at MBP have been actively involved in strengthening our ties with the paired up college of Teacher Education ,Shillong.PGT Education ,Shillong.Variou programmes were organized over the year under the aegis of the club which proved to be a great success.A close association has been developed between the staff and students of both the colleges for which the nodal officers and their team leaders deserve a special mention.I sincerely hope and wish that this association will go a long way in fostering the bonds across the states and regions of our multifaceted country.

"Our ability to reach unity in diversity will be the beauty and the test of our civilization."

Prof. Kiran Yadav

Greetings,

As I write a message for the EBSB newsletter ,I must admit that EBSB programme is one of its kinds and deserves accolades.

The states and UTs perform activities in cohesion with the spirit of unity in diversity and showcase the activities which help in keeping with the spirit of Ek Bharat Shreshtha Bharat. The activities are also publicised through different social media platforms, online publicity, print coverage, digital media, Television/Radio programmes.

The activities are performed to highlight special features of the paired state and to celebrate diversity of the cultural spectrum of our country. The participation shown by the people of our country in the Ek Bharat Shreshtha Bharat Programme is commendable.

The students of MBP along with the EBSB Club of the College lead by the Nodal Officer have been organizing interesting programmes over the year.

My best wishes to the team.

“Our ability to reach unity in diversity will be the beauty and the test of our civilization.”

Mahatma Gandhi

The above stated vision of Gandhiji finds its reverberation in “Ek Bharat, Shrestha Bharat” campaign which was launched on 31 October 2015, on the occasion of the birthday of Sardar Vallabhbhai Patel, the iron man of India who endeavoured incessantly to bind the entire nation in one single thread of unity.

A deeply penetrating insight will not fail to recognize the fundamental unity beneath manifold diversity in India. Thus, the ingenuity of Ek Bharat, Shrestha Bharat campaign lies in the promotion of cultural unity among states as it aims to foster the spirit of national unity, cooperation, brotherhood, harmony among the people of the country through mutual sharing of cultural heritage and to develop a common approach to nation-building.

Through this initiative of the government, the people of the country would be exposed to the rich culture, heritage, food, clothing, handicrafts, tradition, language, and customs of all the 36 states and UTs and people of one state will be able to distinguish and acknowledge the culture and traditions of the other state. This campaign has been designed with the vision to promote learning between States by sharing best practices and experiences by showcasing the rich heritage and culture, customs and traditions of either State for enabling people to understand and appreciate the diversity, that is India, thus fostering a sense of common identity.

In this respect, each state has been paired with another state for a year and then after one year, again it shall be paired with some other state to develop an understanding and harbour a sense of mutual respect and belongingness. This pairing of states shall involve a planned and structured program abiding by which this mutual interchange and interaction shall take place. In this context, the state of Uttar Pradesh has been paired with the north-eastern states of Meghalaya and Arunachal Pradesh.

The college that has been paired with our college, Maharaja Bijli Pasi Govt. PG College, Aashiyana, Lucknow is P.G.T. College of Teacher Education, Shillong, Meghalaya.

We have had few online interactions in this session so far, and it has really been an overwhelming experience. The interactions which initially began on a formal pedestal, gradually have now shifted to an informal zone. We now recognise and interact with the students from our paired college as if they are our own and this feeling of belongingness is now mutual. This platform

has certainly been able to strike a genial chord between us. The more we continue to interact, I hope, the more we all shall be able to coalesce the diverse cuisine, music, dance, theatre, movies & films, handicrafts, sports, literature, festivals and arts of our paired state of Meghalaya.

I really do hope that this interaction shall continue to build new modes of cultural communication between states having immense disparities, and strengthen the unity and integrity of the country through these close cross-cultural interactions.

“In diversity there is beauty and there is strength.”

Ek Bharat Shreshtha Bharat is not just a slogan but a thought that moves towards building and binding our nation in a single thread of love and compassion. Moving towards this goal, the EBSB Club of Maharaja Bijli Pasi Govt. P.G. College, under the able mentorship of our Principal, Prof. Manju Dikshit, and our EBSB Nodal Officer Dr Sanobar Haider, geared up for the webinars organized on 12th June, 2020 and the International Webinar “Incredible India: Yoga, Ayurveda and Spirituality” under the aegis of Ek Bharat Shreshtha Bharat: Dekho ApnaDesh organized on 6th July, 2020 via Zoom virtual conferencing.

In the first Webinar, Our keynote speaker and chief guest, Mr. Vikramjeet Singh Rooprai, author, historian, heritage activist and educator spoke about India's heritage and the pattern of evolution with reference to Harappan and Indus Valley Civilization. He talked about the drainage system, the pottery and the stories carved on pots and seals and threw light on the practices and customs that are relevant even today.

Our distinguished speaker and guest, Mr. Ravi Bhatt, the noted historian and author, focused on the culture of Lucknow evolved by the Nawabs of Lucknow and how it has been exceptionally useful for humankind – a culture catering to the well-being of humans. He told us about the evolution of etiquettes and mannerisms of Lucknow and the secular nature of Lucknow.

In the second Webinar, Our first distinguished speaker, Dr Ram Sharma, Associate Professor and Head, Department of English, J.V.P.G. College, Baghpat, defined 'Yog' as something that 'joins'. He discussed in detail about various literary texts and vedas and quoted references from mythology to explain the importance of Yog. He also traced the history and significance of Ayurveda. Our next eminent speaker, Dr Abhay Narain Tiwari, Senior Ayurvedic Consultant, Sachiv Arogya

Bharat Avadhprant, discussed in detail about Ayurveda. He explained that 'Ayu' means "life" and 'Veda' means "knowledge". He elucidated that the purpose of Ayurveda is to maintain the health of a healthy man and to eradicate the disease of a diseased one. He stated that Ayurveda is the science of life.

Our subsequent distinguished speaker, Mrs. Manjri Khullar, Alternative Medicine Therapist and Pranic Healer, discussed the concept of Spirituality. She deliberated that spirituality is not any religion but a science. She went on to explain the concept through the division of human self into body, mind and soul. She reasoned that meditation is the exercise for soul and that we need to cleanse ourselves for the clarity of Divine Power and Oneness.

This was followed by our celebrated speaker from the United States of America, Prof. Carolyn Heising, Former Professor, Iowa State University, United States and Co-Founder Universal Peace Institute, Vista,

California. Prof. Heising brought to light her own personal experiences of India and how Yoga is an effective way to fight COVID-19 pandemic.

Moving towards binding our country with one thread of unity and love, we had our very special guests from Meghalaya – Dr Vanessa, Principal, College of Teacher Education, PGT Shillong, and Dr Regalia, the Nodal Officer, EBSB, College of Teacher Education, Shillong, whose presence added a feather to our cap. Dr Vanessa and Dr Regalia with their warm words of love touched our hearts.

The webinar concluded with a short poem:

Come what may we shall not fail

Come what may we shall not fall

This is our world and we are proud to say

That a little virus can never keep us away

We've come closer and together we hold

Each other in a stronger mould...
