

MAHARAJA BIJLI PASI GOVERNMENT P.G. COLLEGE ASHIANA, LUCKNOW

ANALYSIS REPORT OF STUDENTS' FEEDBACK FORMS

SESSION 2024-25

The online feedback was taken about teaching and infrastructure from the students at the end of the session via a Google form. The feedback included information on institutional facilities, pedagogy, discipline and teaching ethics. The feedback was analysed with the help of the Excel file extracted from the online Google form. Concerned teachers were reported about each subject with areas of improvement. The college administration was informed about the major areas requiring improvement.

The following is the feedback provided by 326 students about the college teaching-learning environment and infrastructure:

- The students preferred admission in this college as it offers quality education as well as ample opportunities for extracurricular exposure through its NCC, NSS, and Rovers/Rangers Units, and also because of its location.
- Teachers provide quality education and are also helpful in extending productive guidance regarding the professional careers of the students.
- Teachers were able to complete the syllabus.
- Students preferred the college for its quality education and opportunities for extracurricular activities, including NCC, NSS, and Rovers/Rangers Units.
- Teacher Performance: Students appreciated the quality of education provided by teachers and their guidance regarding professional careers.

SUGGESTIONS:

- Teachers should take more classes to cover the syllabus
- Demand for more smart classes
- Biometrics should also be for the students.
- The library should be furnished with the textbooks as per the NEP syllabus. Online study resource material should be made accessible.
- Cleaning of the washrooms should be done regularly.
- Need for a students' washroom in the science faculty building.
- Introducing workshops, group discussions, and case studies to promote collaborative learning and critical thinking.
- Permanent canteen should be opened.
- Focus on developing skills like time management, communication skill, problem-solving solving and adaptability.
- Proper A.V. (Audio-Video) aids of decent quality should be installed in every classroom to make the learning process more interesting.
